

Hectors Honeycomb Dipped**Ingredients:**

Hectors Honeycomb Puffy Non Coated	0.500kg
IRCA Coverdecor Dark	0.200kg

**Method:**

1. Melt the IRCA Coverdecor until smooth and fluid (approximately 35–40°C). Stir well to ensure an even consistency.
2. Take pieces of Hector's Puffy Honeycomb and dip each piece into the melted Coverdecor, ensuring it is fully coated.
3. Allow any excess coating to drip away before placing the coated honeycomb onto a silicone mat or parchment-lined tray.
4. Before the coating sets, finish with decorations such as freeze-dried raspberry pieces, chopped nuts, sprinkles or a drizzle of contrasting Coverdecor.
5. Leave the coated honeycomb at room temperature until the Coverdecor has fully set.
6. Store in an airtight container in a cool, dry place away from direct sunlight.
